11th February 2020

Dear Parent/Carer

Year 11 Progress Clinic - Thursday 27th February 2020

On Thursday 27th February 2020 we are holding our Year 11 Progress Clinic from 4.00pm until 6.30pm. The purpose of the evening is to provide you with the opportunity to meet your child's Subject Co-ordinator, or Faculty Director, to discuss their progress, the plans in the countdown to the summer examinations and to support them in achieving their best possible grades by the end of Year 11.

This is a very important time for all Year 11 students and it is an Academy expectation that students and parents/carers would wish to attend. You will also be provided with guidance on how to help your child plan revision and improve study skills. This will be supported by the distribution of all relevant subject specific revision resources. Please encourage your child to make their own 10-minute appointment with their relevant Faculty Subject Coordinator or Director. As additional support we will always follow up any students that have not made an appointment to see them on this night. Please make sure you have made your appointments by Monday 24th February 2020.

All Year 11 students will also have benefited from a Maximising Success - Part 2 - session run by the Life Skills Company on the 13th February 2020 (<http://thelifeskillscompany.com/student-training-ks4>). The training helps students to revise effectively, enjoyably, and proactively.

I would like to take this opportunity to remind you not to book any holidays during the GCSE exam period 13th May - 30th June. Once students have completed all their GCSEs and Btec qualifications, they will be signed off, which could take up until July to complete all outstanding Btec qualifications to the required standard.

Finally may I thank you for your ongoing support, and for supporting your child to be extremely successful this year. We very much look forward to welcoming you on the night of Thursday 27th February.

Yours faithfully

Mrs L Migliari
Associate Vice Principal

ASPIRATIONS
