OUR DRIVING QUESTION:

How can we prove that the Greeks have had a positive impact on Britain?

AS WRITERS we will be writing from the point of view of a character and becoming historians to write a non-chronological report about the Greeks.

AS MATHEMATICIANS we will be looking at multiplication and division using the 6, 9, 11 and 12 times tables.

AS HISTORIANS we will be looking at the ancient Greeks and examining in detail what makes their civilisation so fascinating.

AS COMPUTER SCIENTISTS we will be using Scratch to create a game with controls and our own characters.

AS ATHLETES we are going to be practicing the skills needed to play tag rugby and volleyball.

AS SCIENTISTS we will be exploring the world of electricity by creating different types of circuits and learning how to 'troubleshoot' if a circuit does not work. We will also investigate how switches, buzzers and other components work in a circuit.

AS CITIZENS (PSHCE/RE) we will be looking at Christianity in RE and celebrating differences of each other in PSHCE.

AS MUSICIANS we will be exploring pitch notation, investigating the use of sharps and flats.

AS ARTISTS we will be exploring how we can create the illusion of space in pictures. We will also be creating some Greek art.

IN FRENCH we will be learning phrases associated with colours, family, and our bodies.

THINGS TO REMEMBER
