## RE: End of Unit 2 Reports

Dear Parent/Carer,

To support our paperless approach at Atlantic, your child's Spring term report will be shared with you today via our online parent messaging platform - SIMs.

The report you will receive will be a summary of your child's performance during our recent mock SATs week. The format of the report is a slight change from the reports you have received previously and focuses on the end of KS2 expectations, mirroring the results report you will receive following the SATs in May.

Your child will have received one of the following attainment grades for reading, writing, maths and GPS:

HNM	Has Not Met
EXS	Expected Standard
GDS	Greater Depth

Please take some time to share your child's report with them and celebrate their hard work and commitment. We know from discussions with the pupils at Atlantic that they speak positively and passionately about their learning and we would love for them to have the opportunity to share this journey with their families at home.

For those who have not met the expected standard at this point, now is an excellent opportunity to do some additional work at home to support your child.

If you have any questions about your child's report, please speak with your child's class teacher.

We are looking forward to all of the activities we have planned over the next term and can't wait to share more details with you.

Yours faithfully

Miss Heppell - Principal
