Developing Character, Confidence and Commitment

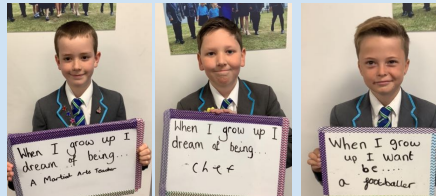

Friday 23rd June

Dear Parents,

I'm not sure a week goes by for the summer term without it being a busy one and this week continued the trend!

Careers Week

This week's focus in our Primary phase has been careers. Throughout the week, we have been looking into different careers that are available and finding out what it takes to qualify for different professions. We have been privileged to welcome visitors from the community to discuss their careers and talk to us about how they ended up doing the job they love. We certainly have some very ambitious students at Atlantic Academy who have all loved sharing their future aspirations with us.

Year 6 Residential

On the back of our Year 5 residential, this week we saw our Year 6s head off as they had a very busy 3 days completing a series of activities and adventures. The children took part in a range of activities from climbing and teambuilding to archery and SUP-ing. What an amazing opportunity!

Open Evening

Next Wednesday sees our Open Evening. We have a number of students who are helping out and are very keen to show off the amazing facilities we have at Atlantic Academy. If you know of any members of the community who have children looking to start school either in Reception or Year 7 in the next couple of years, or any members of the community who just want to come and have a look round, please do drop in. We'd love to see you all.

Enjoy your weekend - hopefully the sun shines. I look forward to seeing you all next week!

Miss Heppell

Heroes of the Week
