## Developing Character, Confidence and Commitment

Friday 8<sup>th</sup> July

Dear Parents,

I can't believe we've only got two weeks left of this academic year. It's amazing to think of how much we've squeezed in and it never ceases to impress me how much our students have grown up and achieved in a year - they really are super!

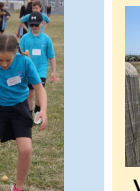

### Bournemouth University

This year we have seen some of our students taking part in a reading partnership with Bournemouth University and Dorset Council. The reading project saw Year 10 students working with students from Year 5 and 6 to help support their reading skills. As a conclusion to the project, all the students visited Bournemouth University to graduate from the program. It was wonderful to see some of our older students supporting those from younger years; we couldn't ask for better role models. Well done to all our students who have demonstrated a great commitment to improving their reading.

### Sports Day

Thank you to all our parents who came to support Sports day on Thursday. It was wonderful to see our students having fun on the school fields and taking part in a wide range of activities from Dodgeball and tennis to the triathlon, three legged races and traditional running races to name just a few!

A reminder that this Thursday is the world famous Atlantic Dance Day. Our children have been working hard to practise their routines and we can't wait to welcome you to Atlantic Academy for the afternoon.

## Celebration Assembly

This week we celebrated some of our students who have worked incredibly hard this term. We celebrated awards for those who achieved top attainment within their year group as well as those who have made outstanding progress.

In addition we also celebrated students who have demonstrated great Character, confidence or commitment.

Well done to all our fabulous students for their hard work.
