<p>PE Kit and Changing - How has it gone from a parent perspective.</p> <p>Going well from school perspective - access arrangements in place for those who need it</p>	<p>Parents don't seem to mention PE changing any longer and things have settled down. Children report they get 5 mins to get changed and then it is straight on to PE lessons so they aren't missing out.</p> <p>Some children who are more adept at shoe laces/buttons etc. help each other out once they are dressed.</p>	<p>Pupils have responded well to changing at school and getting faster at changing each week.</p>
<p>Reports - any feedback?</p>	<p>Reports were fine. Any individual issues were addressed by meetings with class teachers where requested which was helpful.</p>	
<p>Attendance - Decline in attendance (separate from Covid).</p> <p>Ideas on how to support parents with very low attendance but tough enough that the impact on their child is understood.</p>	<p>Felt that we were doing all we could at the moment with attendance and the change in rewards from a few years ago was a positive and much needed step.</p> <p>Class rewards</p>	<p>It's a real struggle to improve attendance at the moment.</p>
<p>Response from parent groups (Whatsapp/Facebook) - constructive feedback</p> <ul style="list-style-type: none"> • Access to water bottles & toilets • Sex education 	<p>Some children didn't seem to always be allowed their water bottles during lessons or to go to the toilet when they really needed it.</p> <p>Information could be shared with parents at the start of a PSHE unit via letter so they know which topics will be coming up and things they may need to approach with their child.</p>	<p>All staff will be reminded of the expectations for water and toilet access this week.</p> <p>Letters will now be introduced at the start of PSHE units to inform parents of the content.</p>
<p>AOB</p> <p>Concerns raised around the Y4 beach clean trip</p>	<p>Concerns around walking such long distances before the beach clean.</p>	<p>KS2 team meeting to review trip and alternative options to support.</p>
