Dear Parents/Carers

Re: Impact Food Group (Cucina) Food Price Increases

Unfortunately, Cucina have confirmed that they are going to implement a small price increase across a range of their products. There are a number of external factors that have led to them needing to make this decision, the most important one being due to an exceptional period of inflation and a steep rise in food costs from their suppliers.

Therefore, from Monday 15th May, a selection of products will increase by up to 5%. Please note that this increase will not affect any of the meal deals, including the most popular meal deal which will remain at £2.50 for a main meal with a free pudding/ small drink or any of the healthier products we have for sale, e.g. fruit pots.

In addition, as a result of this rise, Cucina will be reviewing and re-engineering their menus to ensure they include a wider selection of several different affordable meal deals, details of which can be found below.

We hope you understand the situation we are all in and our dedication to continue serving great food for our students to enjoy.

Yours faithfully

Z Delany
