Across the two Enrichment days, students will have an opportunity to participate in extracurricular activities that enrich their learning and give them the opportunity to try something new. Each year group will spend one of the days at school, and students will sign up for the activity they would like to do. On the other day, each year group will have the opportunity to attend an activity outside of school (as listed below):

- Year 7- Island walk: This is a well loved activity we have run over the last few years. Students will take a walk from the school around to Portland Bill and beyond.
- Year 8- Island explorers: Students will visit the D-Day museum and look at the geography of Chesil Beach. They will also have a little bit of free time to explore.
- Year 9 - Water sports: Students will be participating in adventures on the water.
- Year 10- Cinema and arcades: To celebrate their last enrichment, students will visit the cinema and then hit the arcades.

Communications will come out closer to the time regarding some of the events listed.

Yours faithfully

Miss T Board Head of Chesil School
