Dear Parents/Carers

## Vocational Update

For some students studying vocational courses in year 10 and 11, there are coursework windows set by the exam board which must be completed in school under strict conditions. This course forms part of their final course grade. These deadlines are set by the exam boards and these are not within our control, therefore it is essential that students are in school during these windows.

Please be aware that the following drop down days have been put in place to support completion of this coursework. These are in addition to their normal lesson allocation to ensure students have the allocated time for their coursework. Attendance is mandatory in order to ensure the coursework is completed within the timeframe required by the exam boards.
