9th May 2024

Dear Parents/ Carers,

Following the successful launch of attendance streaks at Atlantic, our students have engaged well in the scheme and we appreciate the commitment you have shown towards your child's education - Thank you!

As you will be aware, the initiative was dreamt up from our wonderful primary student voice, a fantastic example of leadership in our school. Following further discussions with our pupils it has been suggested that the students feel it's only fair to provide an opportunity for some to be able to catch up - especially those who have only been absent on one occasion through unavoidable absences.

With this in mind we are having an 'Attendance Super Boost' to take place next week. Any student who is in school every day from **Monday 13th to Friday 17th May** will achieve a special 'super boost' and will join the leaders in our attendance streak league, meaning they will be back on target for our end of term awards.

We won't however be forgetting about our original group of unbroken streak pupils - these children will be on track for an 'extra special' additional award at the end of term if they continue their unbroken streaks - we will speak to students to come up with what this additional award will look like.

We know this will come as welcome news to many and are sure this additional boost will demonstrate continued success of our attendance project.

Kind regards,

Mrs Lisa Migliari
Vice - Principal
