Dear Parents/Carers

RE: Clay workshop experience opportunity

Dear Parent/ Carer,

We would like to invite your child to join potter Anna Stoodley for a hands-on workshop where they'll get the chance to create a unique pottery head inspired by someone special in their life - a Portland friend, a family member, a neighbour, or even a beloved pet! They'll also discover how artists across history used clay to celebrate the people around them as part of an immersive 2 hour session in school.

All materials & tools will be provided on the day and brought to you by Weymouth & Portland Town of Culture Award. Space is **limited to 30 places** and the event will take place in the new term.

To express interest and hopefully secure a place, please email creative@atlantic-aspirations.org Any questions can be directed to Mr Dalby in school.

Yours faithfully,

Mr S Dalby
