3rd February 2026

Dear Parent/Carer

## Re: Atlantic's British Science Week 9th - 13th February 2025

Next week sees the start of our Atlantic's British Science Week. We have lots of exciting activities planned for children across the week under the theme of Curiosity: What's Your Question? As part of this special week, we have arranged a special interactive day with Mini Professors — a fantastic organisation that brings science to life through fun, hands-on workshops. These sessions are designed to inspire curiosity, encourage questions and help children see just how exciting science can be. We know it's going to be a brilliant experience for the children!

We are very grateful to our PTFA, who have kindly agreed to cover the cost of this event so that all children can take part. However, they have asked whether parents might be willing to make a suggested voluntary donation of £1 to help towards the cost. Please be assured that this is completely optional, and no child will miss out if a donation is not made.

If you would like to contribute, donations can be made easily by clicking on this [Sum up Link](#) provided by the PTFA, which will take you directly to the payment page.

Looking ahead to future years, we are also exploring the possibility of working with a local business sponsor to support our Science Week. If you work for, or know of, a local company that may be interested in sponsoring a future event, we would love to hear from you (please email [kdalby@atlantic-aspirations.org](mailto:kdalby@atlantic-aspirations.org)). It would be a wonderful way to support science learning and strengthen links within our local community.

Thank you, as always, for your continued support — we're really looking forward to celebrating Atlantic Science Week with the children.

Yours faithfully

Mrs K Dalby  
Church Ope Primary
