

16th April 2026

Dear Parent/Carer

**Re: Primary Maths Day - Friday 24th April**

We are excited to announce our annual Maths Day here at Atlantic on **Friday 24th April**.

We have lots of exciting activities planned for all our pupils where they will be able to explore maths throughout the day. We will be running a 'timestable-a-thon' as well as exploring lots of practical maths in the world around us.

This year, we also have a number of challenges:

**MathsPotato Challenge** - We'll be holding a competition to see who can bring in the heaviest potato on the day. Don't forget to dress it as a Maths Superhero...

**Maths in the Wild** - leading up to our Maths Day, we'll be asking you to send in pictures of real life maths (road signs, shapes on gates, pizza as fractions) and we'll be sharing these across the school on our Daily Message Board. Entries need to be sent to [kdalby@atlantic-aspirations.org](mailto:kdalby@atlantic-aspirations.org) before the 21st April.

To help celebrate our maths day, we would also like to invite our children to come into school dressed as either a Times Table Rock Star or a Numbot. We will be awarding prizes for the best (and most creative) homemade creations. Here are some ideas to help you.

We look forward to sharing an exciting day with you all.

Yours faithfully

Mrs K Dalby  
Maths Lead
